

MEGA COVID 19 RELIEF KITS DISTRIBUTION DRIVE, January 2021

SMALL INITIATIVES CREATING GREATER IMPACTS

weCHANGE and Streamkar in association with Saakshar and NM Insight conducted a Mega Distribution drive of covid-19 Relief kits to battle against the pandemic in January 2021. More than 2000 beneficiaries all over Mumbai and Thane were benefitted through this distribution drive.

weCHANGE's
first CSR
collaboration
with
Streamkar

Streamkar is one of
India's top LIVE
streaming
application. With
an aim to serve the
society, Streamkar
decided to conduct
a distribution drive.

COVID 19 Relief Kit Contains:

- Masks
- Sanitizers
- PPE Kits
- Face Shields
- Pulse Oximeters
- Thermometers
- Walkers
- WheelChairs

The event started at a government school called St. Theresa, where weCHANGE with team Insight and team Saakshar had set up a desk where people from the slums came to collect masks and sanitizers, and kids to collect snacks and stationery items. Absolute social distancing was maintained throughout, and at the entrance, thermal checking and sanitization were done for every person. Volunteers of the initiative also went to a nearby construction site to give them the masks and sanitizers to upkeep safety even during labour work.

Wheelchairs and hand walkers were donated to the hospitals and the old age home. Thermometers and oximeters were also given to local doctors and government hospitals to ensure that correct facilities are made available at the grass root level. Later, the volunteers also met the kids of the orphanage and spent time with them. Safety and distance were maintained there as well. Volunteers visited each and every place themselves in order to ensure that the things reached the correct person, the one in actual need. We thank Streamkar for Sponsoring Covid 19 Relief Kit.
